AN OPINION BY MR. BLAINE.

Mr. Blaine said to-day, before his departure for Bar Harbor, that he thought the State would give 10,000 majority on Monday for Governor Robie, and that as much as they had expected.

THE BASIS OF REPUBLICAN CALCULATION.

All the calculations of the Republican State Committee are based on the supposition that the Democrats, who appear to be well supplied with money, will not only get out all their vote, but will purchase the floating vote. The vote is naturally a close one, and an actual gain of 2,500 in two years in the face of the extraordinary opposition of the Democrats and so-called Independents will be a splendid tribute to Mr. Blaine's personal popularity.

THE CONSTITUTIONAL AMENDMENT.

The constitutional amendment will probably be adopted, as many Democrats in the rural districts will vote for it. There are no Independent Republicans in the State, and though this is a State election with the exception of member of Congress, Josiah Quincy may not have any vote...

An autopsy was made yesterday at Gravesend upon the body of Joseph Nelson Lacey, the restaurateur of No. 83 Cedar st., who died on the iron pier at Coney Island on Friday evening after he had taken a bath in the surf. Mr. Lacey was found in the water nearly exhausted, and was helped ashore. He complained of dizziness, but made no effort to get help until he had nearly reached the pier.

The German Consulate has received the following statement from the president of the Australian Royal Relief Association: The German Consulate has received the following statement from the president of the Australian Royal Relief Association: The German Consulate has received the following statement from the president of the Australian Royal Relief Association...

GREAT RACING AT SHEEPSHEAD BAY.

LOUISIETTE BEATEN IN THE BIG HANDICAP BY A WRETCHED START. As Pierre Lorrillard complacently counted his gains over the Autumn Cup yesterday he reflected that to pay \$17,500 for Drake Carter was not a bad bargain after all. The son of Ten Broeck ran the three miles in the remarkable time of 5:24 and beat his field another six and a half minutes.

THE MYSTERY AT BEDFORD.

A COBWEBBY FLY USABLE TO DETERMINE HOW MARIA LITTLE CAME TO HER DEATH. The part of Westchester County around the villages of Bedford and Pondore had been the scene of the last few days, owing to the mystery which surrounded the finding of the dead body of an old woman named Maria Little at Kew-Forest, near the lake there, in an old swamp covered over with thick underbrush, and here the corpse was found on Tuesday by John E. Ferris, a son of Farmer Ferris, whose house is near the place and who was out fowling when he accidentally made the discovery.
